About Unical:

Founded in 1990 and headquartered in Glendale, AZ, Unical Aviation supplies aircraft parts and components to aviation customers worldwide. With over 90 million parts and 1 million unique airframe and engine part numbers in stock, Unical may have more parts ready to ship than any other USM provider in the world. We carry Engine material, Landing gear, Nacelles, Line Replaceable Units and an expansive inventory of in-stock C&E material for the commercial aviation market. Unical is also one of the largest buyers of whole and partial Airframes and Engines, Surplus Packages, and other assets.

Resulting from its acquisition of ecube in 2024, Unical also offers Aircraft Storage, Transition, and Disassembly operations now centralized within the ecube network, which boasts strategically positioned facilities across the UK, EU, and USA. Some of ecube's expert services include aircraft part-out, disposal, parking, customs management, crating fabrication, and parts storage – nonstop services that help aircraft owners and operators maximize asset value.

Unical Aviation has a worldwide customer base of over 2,500 global companies, including major and regional airlines, MROs, OEMs, and other redistributors. We have an extensive inventory of more than 1.2 million unique part numbers comprised of nearly 100 million parts in stock at our modern office and warehouse complex of over 580,000 sq. ft. located in the Phoenix area. More than 4,000 parts are shipped daily to our customers.

Unical Engines is the engine division of Unical Aviation Inc., specializing in providing comprehensive solutions for commercial engine needs. With over 60 years of combined experience, Unical Engines is dedicated to excellence across the full spectrum of aircraft engines solutions, including spare parts and serviceable assets.

ecube Aircraft Storage, Disassembly, and Transition Services

Unical's Aircraft Storage, Transition, and Disassembly operations are now centralized within the ecube network, which boasts strategically positioned facilities across the UK, EU, and USA

OUR CULTURE: ONE CLEAR PURPOSE. POWERFUL RESULTS.

We couldn't run a worldwide enterprise that sets the global standard without a strategic view of the future, great collaboration, and shared values. This is how we think and operate to successfully deliver aircraft parts and solutions that solve everyday challenges in the commercial aerospace industry:

Our Values:

- **Excellence:** We strive for the highest level of quality in all aspects of what we do.
- **Respect:** We treat each other with dignity and value the ideas and perspective each individual brings.
- **Accountability:** We take full ownership of our actions and their outcomes.
- **Service:** We give exceptional care to those who need and depend upon us.
- **Innovation:** We lead, support, and encourage change and the creative process.
- **Leadership:** We are catalysts for change and commit to design and build a better future.
